MORE RESOURCES FOR STUDENTS IN MIDDLE AND HIGH SCHOOL

Studio NPL Learning Lab

3D-printed designs. Paper circuits. E-textiles. Soldering. Robotics. If you want to wire it up, plug it in, or light it up, we have the tools and techniques to expand your electronic knowledge.

Music and Audio Production

Songwriters, singers, and rappers interested in producing their own music will learn how to make audio and music tracks.

Photography and Design

Using DSLR cameras, studio lighting, and the green screen, you can engage in a variety of photo, film, and graphic design-based projects.

Film and Media Production

Build career-readiness skills for video and television production, the launchpad for making a fully produced video piece.

Creative Writing

For writers interested in creating short stories and other forms of fiction. Workshops lead to publishing a final anthology.

Visit nashvillepubliclibrary.org/studionpl or call (615) 862-5800 to learn more.
